Brevi note di commento

I dati esposti nelle pagine precedenti sono relativi al tesseramento e alle affiliazioni dell'anno sportivo 2012/2013; non sono dati definitivi in quanto ci sono discipline e attività sportive che non hanno ancora terminato l'anno sportivo. Tuttavia possiamo considerarli sufficientemente consolidati per permettere un'analisi e un raffronto con i tre anni sportivi precedenti.

A livello nazionale possiamo evidenziare alcune linee di tendenza:

- 1)** Il numero totale dei tesserati è negli ultimi quattro anni sportivi in costante aumento e abbiamo raggiunto e superato il traguardo storico del milione di tesserati.
- 2)** Il numero delle Società sportive affiliate è in aumento rispetto a quattro anni fa, ma in calo rispetto allo scorso anno. E' difficile dare una lettura di questo dato, in quanto se da un lato è vero che rispetto all'anno sportivo 2011/2012 le società sono diminuite (bisogna tenere presente che storicamente negli anni assembleari si è sempre verificato un aumento delle società affiliate), dall'altro queste sono in leggero aumento rispetto all'anno sportivo 2010/2011.
- 3)** Analizzando più nel dettaglio l'andamento delle varie tipologie di tessere, si può evidenziare il consolidamento di alcune linee di tendenza:
 - a.** l'aumento del tesseramento riscontrato negli ultimi quattro anni associativi (+89.153 tessere) deriva prevalentemente dall'incremento delle tessere CR (Attività circoli): +76.076 tessere;
 - b.** è piacevole riscontrare il continuo aumento delle tessere SO (non atleti), anche se legato all'incremento delle Società sportive e all'obbligatorietà di inserimento di almeno tre dirigenti per ogni affiliazione;
 - c.** nell'arco dei quattro anni sportivi, non è stato intaccato il numero di tessere AT – ordinarie; è tuttavia preoccupante evidenziare che proprio da due anni sportivi si sta verificando una inversione di tendenza che porta ad un calo delle tessere AT – ordinarie rispetto all'anno scorso: sono circa 6.500 tessere in meno, difficilmente recuperabili entro il 31 dicembre e comunque non pareggiate dall'aumento delle tessere SO;
 - d.** incoraggiante l'aumento delle tessere SC (Attività scolastica), quasi il 60% in più rispetto a quattro anni fa;
 - e.** per il tesseramento PR (Attività parrocchiale), FS (Free Sport) e FX (Flexi) non si ha un dato sufficientemente consolidato per formulare un commento, infatti numerose attività estive sono ancora in essere e non sono state inserite nel TACSI.
- 4)** Il tesseramento di atleti di età compresa tra i 7 e 16 anni è in costante aumento. Tuttavia questo incremento di tesserati nelle fasce giovanili non significa necessariamente un incremento dell'attività sportiva giovanile. Resta comunque il fatto che negli ultimi quattro anni sportivi, l'Associazione è stata in grado di intercettare 27.353 ragazzi in più in questa fascia di età.

Per analisi più dettagliate a livello regionale e territoriale si rimanda alla lettura dei dati presenti nelle pagine seguenti e divisi per regione e comitato territoriale.
